As the situation evolves, our priority remains the safety and well-being of our employees, clients, and those we serve.

Our goal is to ensure all employees take proper precautions to prevent exposure and the spread of the virus. In addition to encouraging our employee's to monitor their health condition closely, we are following proper protocols outlined by the Centers for Disease Control and Prevention (CDC) and other federal agencies. We will routinely educate our staff with new data as it becomes available to us.

We will do everything we can to maintain business as usual, while at the same time following the guidelines set forth by the Governor of Massachusetts, Charlie Baker, and the CDC.

I want to assure you we shall continue to monitor this situation and make changes to procedures and policies as COVID-19 evolves. Please know we are committed to navigating this public health challenge and furthering the well-being of our employees and clients.
